

## VC SUCTION CUPS

### TYPES :

1. **Universal suction cups**, for handling objects with flat or slightly curved surfaces.
2. **Flat suction cups with cleats**, for flat surfaces where minimum movement is required. The cleats ensure extra stability and distribute the vacuum over a large area.
3. **Bellow suction cups**, for curved surfaces, separating thin items and where height compensation is required.

### STANDARD SERIES :

*Color* : Blue

*Diameter* : from  $\varnothing = 3$  mm until  $\varnothing = 280$  mm

*Material* : Polyvinyl Compound (PVC) of 50 Shore

In some cases it has a durability of 30 times those of rubber.

Certain models are also available in Polyurethane (PU) and Silicone (SIL).

*Working Temperature* : **PVC** : 0° till 50°C, **PU** : -35° till 50°C, **SIL** : -40° till 180°C

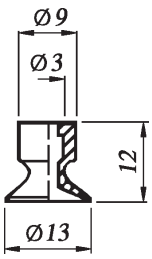

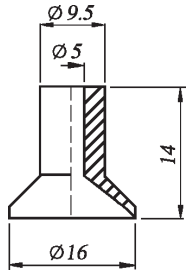

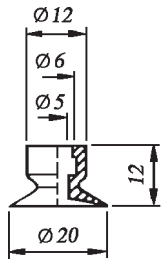

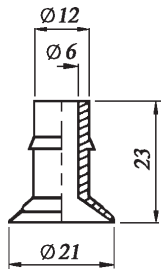

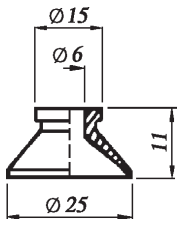

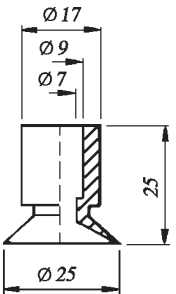

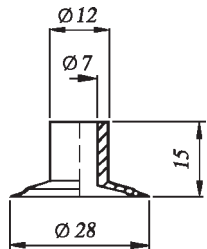

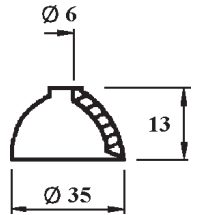

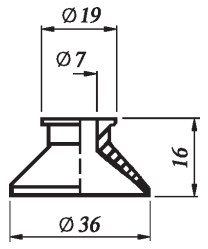

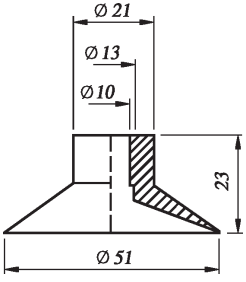

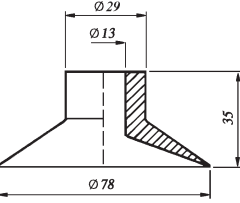

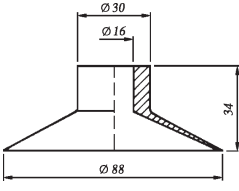

### REMARKS :

- This is only a selection of the standard suction cups **available on stock**.
- We have much more models available on request.  
(with a minimum quantity of 25 pieces)
- Send us a sample!

*We have the most exotic suction cups!*
